

Pawn

Abby A Johnson

Pawn is the smallest piece on the chessboard. Playing against bigger, stronger, and faster pieces in every single game makes Pawn feel worthless. When Pawn has had enough of being pushed around, left behind, and captured, her king encourages her to focus on patience and cleverness, instead of her small size. Can Pawn believe in herself enough to unlock the greatness inside of her? This book nurtures the characteristics of self confidence, patience, and determination in children aged 4 to 9 years. It includes a list of fun facts about chess, and list of resources for further learning.
