

Pdxmd Ophthalmology

Pdxmd

FIRSTConsult is a new evidence-based online clinical information system, designed to support decision making with practical clinical information. The content is continuously updated by expert contributors - who synthesize multiple information resources and deliver updated thinking on the latest in evaluation, diagnosis, management, outcomes and prevention. Based on the breakthrough FIRSTConsult electronic parent, the PDxMD series employs the same comprehensive approach in a book format, organized to support decision making at the point and time of care. Each PDxMD Medical Conditions title is composed of structured chapters, called medical condition files. Each Medical Condition File is organized identically into the following colour-coded sections, to allow you to find information consistently and reliably for every condition: Summary Information Background Diagnosis Treatment Outcomes Prevention Resources
