

Peacock Footsteps: Part One

Nicola Manning

Lydia Richards is stumped. She knows something is wrong, but she's not sure what. Despite cloning her boss's access card and snooping in the strictly prohibited library, she's no closer to finding the source of her own, personal upset. Then, days after her boyfriend dumps her, she meets a man and tumbles head first into a world of decadence, absinthe, paisley, whispers, and vicious truths all leading up to the solution to her one, simple, question. And what of God? A claustrophobic journey through the doors of confusion and faith, Peacock Footsteps is sure to keep you reading all through the night.
