

Pearls of a Fisherman

Father Peter Bowes

Many people today say they would like to be more spiritual, happier, and less worried. Most people don't have any idea of how to make that happen. In almost every part of our lives we are encouraged to develop and value everything that is intellectual or material, and almost nothing that is spiritual. Throughout history, there have always been individuals or very small groups of people that have lived real spiritual lives. While they are often misunderstood, they are also an inspiration to others as they have a remarkable presence of inner peace and kindness. Father Peter Bowes is one such person. In sharing his insights from a place of real mastery, these writings are filled with many essential teachings about ourselves and how to live.
