

The Pauraque` Game

Hannah E O`Neal

Whether you like it or not, it is either play or be played by the Pauraques Game. Arne and the group are driven to Opus, the Pauraques old headquarters, by a raging hurricane, where they must not only face the tragedies of their past, but also the complications of their future. Rumors surface that a powerful enemy called the Shadow Bird is on the rise but is it a new threat, or an old one? And could a misguided little owl named Yipyit be the key to their survival of the oncoming Skyfall Shadow? Hannah ONeal creates a game of strategy, treachery, and misinformation in which no one is as simple as they may seem. This is the exciting sequel to her very first novel, the Soar. And it is promised that a third novel of this series shall soon follow.
