The Peasant Princess

You might think that being a princess means that your life should be fun and carefree however, it is not. My name is Princess Alana and the only things that I am allowed to do are wear gowns and attend balls. Boring! I want to help my people... but my father has made me a shut-in because of the death of my mother. He doesn't want the rock giants to hurt me.. but deep down, I know that it was not the fault of the rock giants. Then, there is Beatrice... my cold and stubborn maid... she doesn't understand why anyone would want to leave a castle. On top of it all, I'm being forced to get married... married? The horror! The only way that I could even avoid this is by becoming a peasant... actually, that doesn't sound like too bad of an idea.
